

## **Omnia Appoints Comsyst as Australian Distributor**

---

25 August 2003, Cleveland Ohio, USA

Omnia Audio is pleased to announce the appointment of Comsyst Pty Ltd ([www.comsyst.com.au](http://www.comsyst.com.au)) as their representatives for the continent of Australia.

“Our mission has always been to provide Australia’s broadcasters with the highest quality equipment and integration services,” said Peter Warren, Sales Manager for Comsyst. “The addition of Omnia to our line makes it even easier for us to fulfill that mission.”

“Comsyst is one of the most highly regarded broadcast companies in the Pacific Rim,” commented Telos / Omnia Managing Director Denny Sanders. “It’s good to have such experienced and capable people join our team.”

Omnia audio processing products are used by broadcast professionals in more than 175 nations, including such well-known Australian broadcasters as Brisbane’s Family Radio, River 94.9 and 4EB-FM, Melbourne’s SYN-FM and Sydney’s WILD-FM. For a listing of representatives worldwide, please visit [www.telos-systems.com](http://www.telos-systems.com) or [www.omniaaudio.com](http://www.omniaaudio.com).
