

Telos Console Director™
 (Telos Electronics Packages 0320-0000 & 0325-0000)
 Operator's Guide

Telos Electronic Package 0320-0000 and 0325-0000 are distributed as part of complete assemblies available from major console manufacturers.

- The Console Director operates in Talent Mode only.
- For use with Telos TWOx12 and Series 2101 only.
- Console Directors are connected to the Telos interface in the same manner as the Telos Desktop Director. See Telos User's Manual for details
